Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Online

Brief describe the provision in LMS to be used by HEI :-

An LMS allows the communication of learning objectives, and organize learning timelines. Through an LMS, teachers may create and integrate course materials, articulate learning goals, align content and assessments, track studying progress, and create customized tests for students.

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- <http://lms.jntuk.org/units.php>

Assessment mechanism	In recent times we've observed that the education environment has become more complex, and there's a constant challenge to manage learning resources efficiently and effectively. Whether it is lesson planning, student progress tracking, or even corporate training, these tasks can be overwhelming to manage. This is where Learning Management System (LMS) comes, which has helped several organizations to make life easier. Providing a centralized, interactive, and efficient platform for learning.
Identified technological interface and interoperability	Identified internal Technological Interface to manage LMS better
Learner's Authentication Requirements	Yes required, every learner need to submit their Aadhar Identification or Passport during the registration process
Learner Registration - through a web application	Yes, We will develop a WEB application for learner registration
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	Learners are encouraged for active engagement through direct interface with teachers and online interface with experts
Payment Gateway –using Digital Payment system	Yes, Payment Gateway will be created for registration
Tracking the delivery of a Course or programme	Yes, through our own LMS
Technical Know-how or Skills Requirements	Skilled Man Power is available

Learning Platform

Learning Platform :- SWAYAM
